Swan Engineering

**FROM:** Virg Anderson

**RE:** Twin Creeks Park Site

Justin,

Just a word to thank you for the workmanship your firm provided in completing the Twin Creeks Phase I Park Improvements.

I have to admit I was more than a little more than concerned when Brendin noticed that a drop inlet was inadvertently left off of the plans. It was going to take 50 feet of pipe and a DI to remedy the situation.

This is a point where a lot of contractors would have chosen to make up for being low bid. Thank you for not taking advantage of the engineering error and supplying a solution that fit the projects budget and time constants while satisfying the City of Citrus Heights inspectors.

This along with other creative solutions to the project saved us thousands of dollars. With your knowledge, this project was completed within our budget and finished ahead of schedule.

If you have any questions or need additional information, please feel free to call me at my office at (916) 725-0133 or e-mail me at [vanderson@sunriseparks.com](mailto:vanderson@sunriseparks.com)

I look forward to working with you in the future,

A handwritten signature in blue ink that reads "Virg Anderson".
